TIPS FOR FAST-TRACK INCOME

BEGINNERS SHOULD ALWAYS USE THIS SELF-HELP MODEL

1. Focus on recruiting 5 family members or friends to subscribe to TBJ.com in order to help you personally succeed in starting your own business.
2. Use this Self-Help quickie model with just 5 friends and family members. (See example #1 of the Compensation Plan for your income from only 5 subscribers.)
3. After you recruit these 5 subscribers, help each of them recruit 5 of their friends and family members as subscribers in order to make their Affiliate business successful.
4. Use this Self-Help quickie model again, and again and again – help your family and friends lay the groundwork for financial security. It works every time! As long as you do this the money keeps on coming. (See example #2 of the Compensation Plan for your income from just 10 subscribers.)
5. Use social media skills to help you get started. Recruit others by explaining the value and benefits of being a TBJ.com subscriber/Affiliate who can earn extra income as an Affiliate of the Learn and Earn Profit-Sharing Program.
6. Count your income month after month. Commissions are calculated and paid to Affiliates each month by PayPal. PayPal is the faster, safer way to send money, make an online payment and receive money.

**WITHOUT ANY PAYMENTS BY AFFILIATES INTO A FUND, AFFILIATES RECEIVE
A GENEROUS ANNUAL RETIREMENT INCOME BONUS**

Affiliates are also eligible for a 10% annual residual payment (a form of retirement income designed exclusively for TBJ.com Affiliates). It is based on the number of subscribers who renew their annual subscriptions. These annual residual payments are made to the Affiliates for the life of their subscriptions, even when the Affiliate is no longer active with TBJ.com.
